**CELEBRATING WORLD PREMATURETY DAY AND A SPECIAL DATE FOR
YOUR DIARIES!**

World Prematurity Day 17th November

World Prematurity Day is a global movement to raise awareness of premature birth and the huge impact it can have on babies and families.

One out of every 13 babies in the UK is born prematurely with many of these needing admissions to a neonatal unit and this experience can affect families differently.

About 600 babies per year are admitted to the Trevor Mann Baby Unit and between TMBU and Princess Royal Hospital SCBU in Hayward's Heath, about 850 babies are treated each year.

The EBA is here to help and support all babies and their families experiencing life in neonatal care, and we strive to make a positive difference in their journeys.

Lastly, we'd like to thank everyone for your support, fundraising and donations to help the babies and families on the units. Premature birth can be very difficult, and with your help, we are able to make things just that little bit easier.

SAVE THE DATE! SATURDAY 25TH JUNE 2022

We are very excited to announce that The EBA is in partnership with the Brighton Ronald McDonald House charity, in organising a spectacular fundraising ball with all proceeds being split between the two charities.

More details will be announced soon, including how to get hold of tickets, but for now, pop that date in your diaries and prepare yourselves for a night of fantastic entertainment, glitz and glamour!
